

Getting Credit - Legal Rights Questionnaire – «Survey_Economy_FullName»

www.doingbusiness.org

Dear Contributor,

We would like to thank you for your participation in the *Doing Business* project. Your expertise in the area of Getting Credit Legal Rights in «Survey_Economy_FullName» is essential to the success of the *Doing Business* report, one of the flagship publications of the World Bank Group that benchmarks business regulations in 190 economies worldwide. The Getting Credit Legal Rights indicator, which measures rights of secured creditors and borrowers in secured transactions, is one of the 11 indicator sets published by the *Doing Business* report.

The report attracts much attention around the world. The latest edition, *Doing Business 2017: Equal Opportunity for All*, introduced improvements in the paying taxes and protecting minority investors indicators, and included a gender component in 3 of 11 *Doing Business* indicator sets. It received over 7,000 media citations within just a week of its publication on October 25, 2016 and the report was downloaded almost 40,000 times within that same period. A record 137 economies implemented a total of 283 reforms. Low and middle income countries carried out more than 75% of these reforms, with Sub-Saharan Africa accounting for 80 of them.

Governments worldwide read the report with interest every year, and your contribution makes it possible for the *Doing Business* project to disseminate the regulatory best practices that continue to inspire their regulatory reform efforts. Since 2010, economies worldwide have implemented 81 reforms improving the strength of legal rights of borrowers and lenders. In 2015/16, 9 economies implemented such reforms.

We are honored to be able to count on your expertise for *Doing Business 2018*. Please do the following in completing the questionnaire:

1. Review the assumptions of the case study before updating last year's information in the questionnaire.
2. Describe in detail any reform that has affected secured creditors and debtors in secured transactions since June 1, 2016.
3. Be sure to update your name and address if necessary, so that we can mail you a complimentary copy of the report.
4. Kindly return the questionnaire to DBCreditLegalRights@worldbank.org.

We thank you again for your invaluable contribution to the work of the World Bank Group.

Sincerely,

The Getting Credit - Legal Rights indicator measures the legal framework for secured transactions by examining whether collateral and bankruptcy laws for movable assets facilitate lending.

IMPORTANT: This questionnaire is divided into four sections: **Section 1** focuses on reform updates, **Section 2** on the secured transactions system in general, **Section 3** on the case study assumptions, and **Section 4** on non-possessory security interests in movable property.

Section 1. Reform Updates

Reforms of secured transactions and insolvency laws
<p>a. Have there been any reforms or amendments of secured transactions law(s) or regulations in your economy between June 1, 2016, and now? (Please describe in detail, including the date of adoption, the date of official publication in the official gazette if this is required, and the date of entry into force. We would greatly appreciate it if you could also send us an electronic copy of the law.)</p>
<p>b. Are you aware of any plans to change the secured transactions and insolvency law(s) by June 1, 2017, or in the near future? (Please describe in detail, providing dates when possible.)</p>

IMPORTANT: This section of the questionnaire focuses on the **secured transactions system** as a whole in reference to both incorporated and non-incorporated entities. (Debtors that are incorporated entities are understood as separate legal entities incorporated through a registration process established through legislation. Non-incorporated entities are considered non-registered partnerships, sole proprietorships and individuals).

Section 2. Secured Transactions System

Integrated and functional approach to secured transactions

(Secured transactions are here understood as all transactions that create a right in any type of asset meant to secure the performance of an obligation. For the purposes of our study the focus is on non-possessory security interests, fiduciary transfer of title, financial leases, assignment of receivables and sales with reservation of title.)

	For both incorporated and non-incorporated debtors Last year's answers	For both incorporated and non-incorporated debtors This year's answers
a. Which regulation, if any, covers fiduciary transfer of title? (Fiduciary transfer is understood here as transfer of ownership for security purposes until the debt is extinguished. The debtor may retain possession of the assets. An example: Company/individual "A" transfers the title of machine "B" to bank "C" as security for the loan and expects to retrieve ownership following payment of the debt.)	«DB_lr_Fiduciary_transfer_Incorporated & Non_incorporated entities»	
b. Do fiduciary transfers of title have to be registered to be enforceable against third parties? If yes, please specify the name of the registry.	«DB_lr_Fiduciary_transfer_registration_Incorporated & Non_incorporated»	
c. Which regulation, if any, covers financial lease agreements? (An example: Company/individual "A" agrees to lease machine "B" from company "C". The lease agreement guarantees the use of the vehicle and guarantees that "C" receives regular payments from "A" for a specified period of time. Both "A" and "C" must uphold the terms of the contract for the lease to remain valid.)	«DB_lr_Financial_lease_agreement_Incorporated & Non_incorporated»	
d. Do financial leases have to be registered to be enforceable against third parties? If yes, please specify the name of the registry.	«DB_lr_Financial_leases_agreement_registration_Incorporated & Non_incorporated»	
e. Which regulation, if any, covers assignment of receivables and outright transfer of receivables? (Assignment of receivables is understood here as the creation of a security right in a receivable)	«DB_lr_Regulation_assignment_of_receivables_Incorporated & Non_incorporated»	

<p><i>that secures the performance of an obligation. Although outright transfers of receivables are transfers not intended to secure an obligation, for convenience of reference the term is included in the assignment of receivables. An example: Company/individual "A" assigns its accounts receivable "B" to lending company "C" in return for a loan. Company "C" gets the right to collect the receivables if "A" fails to repay the loan in time.)</i></p>		
<p>f. Do assignments of receivables and outright transfers of receivables have to be registered to be enforceable against third parties? If yes, please specify the steps of the notification process or the name of the registry.</p>	<p><i>«DB_lr_Notification_assignment_of_receivables_Incorporated & Non_incorporated»</i></p>	
<p>g. Which regulation, if any, covers retention-of-title sales?(An example: The title of inventory remains vested with seller "A" until the purchase price has been paid in full by buyer company/individual "B".)</p>	<p><i>«DB_lr_Retention_of_title_sales_Incorporated & Non_incorporated»</i></p>

<p>i. Does the law allow for women's personal property to be given as a collateral for a loan taken for commercial activities?</p>	<p><i>New question. Please provide an answer</i></p>	
<p>j. If yes, can such personal property as: (i) jewelry; (ii) household appliances; and (iii) furniture be given as a collateral? Please provide the article of law.</p>	<p><i>New question. Please provide an answer</i></p>

Section 3. Case Study Assumptions

REMINDER: For the following sections, please base your answers on non-possessory security interests in movable property—or, if these are not allowed in your economy, on fiduciary transfer-of-title arrangements.

CASE STUDY
